OPERATION GUIDE

LEGEND

Standby Mode of the Legend

The Legend is a vv vw advanced personal vaporizer with Gravity Sensing System for easy operation

MAIN FEATURES

Large-Size OLED Screen

The screen shows the atomizer's resistance, voltage/wattage, settled smoking time, battery level and current puffs at the same time.

Constant Output Voltage and Constant Output Power Mode

- 3.0 to 6.0 Volt variable voltage (VV);
- 3.0 to 15.0 Watt variable wattage (VW).

On/ Off Switch

Click the power button 5 times continuously will turn on/off the Legend. Once turning on the Legend, you can see "SIGELEI" "Legend" on the screen, then step into standby mode.

Then, place the Legend in a horizontal state, press the power button when swing the Legend 3-5 times continuously to enter the menu.

In any menu mode, place the Legend in a horizontal state, swing the Legend 3-5 times continuously to exit the menu then enter standby mode.

Motor Vibration

Vibration indicates your operation has been taken into effect.

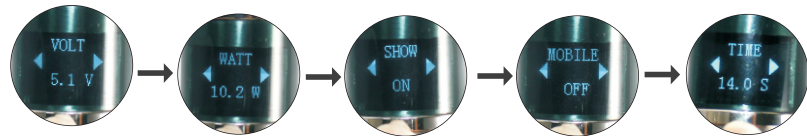

5-20 Seconds Cutoff

Short Circuit Protection

Reverse Battery Protection Circuit

Low Voltage Warning

MENU

1. VOLT

Press the button to select the “VOLT”, then stop pressing the button.

Lean to right, the volts will increase in 0.1 increments;

Lean to left, the volts will decrease in 0.1 decrements.

When the volts increase to 6V the max volts, it will switch to 3V the min volts.

When the volts decrease to 3V the min volts, it will switch to 6V the max volts.

2. WATT

Press the button to select the “WATT”, then stop pressing the button.

Lean to right, the watts will increase in 0.1 increments;

Lean to left, the watts will decrease in 0.1 decrements.

When the watts increase to 15W the max watts, it will switch to 3W the min watts.

When the watts decrease to 3W the min watts, it will switch to 15W the max watts.

3. OLED Display

Press the button to select the “SHOW”, then stop pressing the button.

Lean to right, you will see “on”. That means the screen is turned on when you are smoking. You can see working condition of the Legend.

Lean to left, you will see “off”. That means the screen is turned off, however, you still can smoke on this mode.

4. Mobile Power

Press the button to select the “MOBILE”, then stop pressing the button.

Lean to right, you will see “on”;

Lean to left, you will see “off”.

When choosing “MOBILE ON”, and with a Sigelei USB adapter, the Legend is able to charge the electronic product, such as phone, mp3 etc.

Notice: Exit the menu, press and hold the button, the screen shows warnings of “Warning!” “No smoking!”. Then the screen will display a battery symbol, it means the function of “MOBILE” has been activated.

5. Set Limited Smoking Time

Press the button to select the “TIME”, then stop pressing the button.

Lean to right, the seconds will increase in 1.0 increments;

Lean to left, the seconds will decrease in 1.0 decrements.

If the button is held down more than the seconds you set, the Legend will shut itself off until the button is released and pressed again.

(Because of gravity sensing system, when the Legend leans to one side for long time, the adjustment will speed up.

Meanwhile, you can feel the Legend vibrating when you adjust each function.)

TIPS

Please read the instructions and precautions before using the Sigelei Legend.

1. The Legend is intended for use by people of legal age, not suitable for children, woman who is pregnant or breast feeding, or person at risk of heart disease, hypertension and diabetes, or taking medicine for depression and asthma.

2. This unit may include small parts. Please keep out of reach of children and pets.

3. In order to guarantee the normal function of the Legend and the effect of vaping, we suggest that you charge your battery when the power level is below 10 percent.

4. In order to prolong the function of your Legend, please do not place it excessively hot or cold environments.

5. Please don't insert the battery backwards; no vapor will be produced when this happens.

6. Please do not drop, throw, or abuse your Legend.

7. This product is sold purely for recreational purpose---it is not a smoking cessation product and has not been tested as such.

Error-code: Short=short circuit of the atomizer

Low-V= under voltage($\leq 3.4V$)

HHHHHHH= over voltage

***When the resistance of the atomizer is below 1.2Ω ,
the Legend will not work.**

Warranty and Guarantee:

12 months

Improper operation will void the warranty.

Do not drop Legend
